Address: Tana, 6000, Bahir Dar, Ethiopia (Home)

ABOUT ME

Motivated SOC Analyst and Cybersecurity Professional with hands-on experience in security monitoring, log analysis, threat detection, and incident response within the banking sector. Skilled in FortiSIEM, Check Point, and FortiGate, with professional training in Cisco Secure VPN Solutions (SVPN) and FortiGate Security (NSE 4). Passionate about cybersecurity, emerging digital technologies, and software development, with a strong commitment to continuous self-learning, expanding technical skills, and developing secure, innovative digital solutions.

WORK EXPERIENCE

SECURITY OPERATION OFFICER 1 – TSEDEY BANK – 01/07/2023 – 01/06/2026 – BAHIR DAR, ETHIOPIA

- Monitor security alerts and events using **FortiSIEM, Check Point, and FortiGate** security solutions.
- Analyze security logs to identify suspicious activities, anomalies, and potential threats.
- Investigate security incidents and support incident response, mitigation, and escalation.
- Monitor firewall activity and analyze network security events to identify potential risks.
- Document security incidents, investigation findings, and recommended corrective actions.
- Support continuous improvement of security monitoring and threat detection capabilities.
- Stay updated on emerging cybersecurity threats, vulnerabilities, and digital technologies.

NETWORK ADMINISTRATOR – TSEDEY BANK – 01/07/2022 – 20/07/2023 – BAHIR DAR, ETHIOPIA

- Design and implement network architecture that supports the bank's operations, ensuring scalability, reliability, and security.
- Configure and maintain firewalls, VPNs, and intrusion detection systems to safeguard sensitive information.
- Utilize advanced network monitoring tools to analyze traffic patterns, detect anomalies, and ensure optimal performance.
- Troubleshoot and resolve complex network issues, often involving multiple components or systems.
- Implement change management processes to ensure that all network changes are documented, approved, and communicated effectively.
- Configure and manage routers, switches, and other critical network devices, ensuring they are optimized for performance and security.
- Implement and oversee backup solutions for network configurations and critical data, regularly testing recovery procedures.
- Ensure that all network operations comply with relevant industry regulations and standards, conducting regular audits as necessary.
- Collaborate with other IT teams, such as systems administrators and security teams, to ensure cohesive integration of all IT services.

JUNIOR NETWORK ADMINISTRATOR – TSEDEY BANK – 15/03/2022 – 01/07/2022 – BAHIR DAR, ETHIOPIA

- Assist in monitoring network performance and traffic using various tools to ensure system reliability and efficiency.
- Provide first-line support for network-related issues encountered by bank staff, helping to troubleshoot and resolve problems.
- Help configure and set up network devices such as switches, routers, and firewalls under the guidance of senior network administrators.
- Maintain accurate records of network configurations, changes, and incidents to ensure compliance and facilitate troubleshooting.
- Help implement and enforce security policies and procedures to protect the bank’s network and sensitive information.

• Participate in regular maintenance tasks, such as software updates, hardware checks, and backups, to ensure network reliability.
• Use network monitoring tools to track performance metrics such as bandwidth usage, latency, and uptime

EDUCATION AND TRAINING

01/10/2016 – 15/09/2021 Bahir Dar, Ethiopia
BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING Bahir Dar University

Website https://www.bdu.edu.et/ | **Field of study** SOFTWARE ENGINEERING

07/10/2017 – 14/11/2021
BACHELOR OF ARTS IN MANAGEMENT Alpha University College

Website https://www.alphauc.edu.et/ | **Field of study** MANAGEMENT

27/06/2022 – 01/07/2022
CISCO IMPLEMENTING SECURE SOLUTION WITH VIRTUAL PRIVATE NETWORKS (SVPN) Deliver ICT

Website https://www.deliverict.com/

06/06/2022 – 08/06/2022 Addis abebe, Ethiopia
ETHIOPIA NSE 4 FORTIGATE SECURITY 6.4
